

The Agralite Electric Cooperative Board of Directors is pleased to return \$350,000 of this year's operating margins to you in the form of a margin rebate on your included statement. This is a benefit of being a member-owner of Agralite Electric Cooperative!

The credit on this month's bill is based on your electric usage from January through October. You will see your credit amount listed on the included billing statement.

Agralite Electric Cooperative is a not-for-profit electric co-op and we belong to the communities we serve. Which means we're not in the business of making profits, we're in the business of serving you, our members!
